Most Corrupt Institutions: Where improvements should be made

Average score from the 107 countries surveyed

On a scale of 1 to 5, where 1 means 'not at all corrupt' and 5 means 'extremely corrupt', to what extent do you see the following categories in this country to be affected by corruption?

Average score in 6 Countries (Indonesia, Cambodia, Philippines, Thailand, Vietnam and Malaysia)

5 grand challenges ahead of the 15th IACC Brasilia **and still relevant**

○ Impunity

- Climate governance
- Illicit financial flows

○ Political transitions

- Corruption in Sports

15th IACC Brasilia Declaration

2 dimensions in the fight against corruption formulated in the Declaration:

- Connecting citizens
- No impunity for those who abuse positions of power

No Impunity movement and connecting actors against corruption

Closing international loopholes

- **UNCAC ratification and country compliance**
 - All ASEAN countries have signed and ratified
 - The peer review mechanism is ongoing to monitor country compliance within state regulations
- **Other off UNCAC areas, yet relevant to cover**
 - The Convention fails to forcefully tackle **political corruption**
 - It also refrains from referring to any specific political system and, by doing so, omits **the important role parliaments** can play in holding governments to account

Strengthening the judiciary and law enforcement

- Reform in judiciary and law enforcement institutions
- Establishing and empowering anti-corruption agencies
- Combating judicial corruption

Promoting social and political sanctioning

- Combating political corruption
- Public sanctioning during election and social movements such as:
 - korupedia.org Indonesia,
 - Campaign against 'black' politicians
 - AC Forum
 - Working with youth
 - Creative use of media

Thank you....!
